Dear Robin,

Our organization has been benefiting from the services provided by RB Health Partners for the last 8 months. Robin Bleier and her staff (Tracy Greene, Diane Tyree and Tamra Adrian) provide a SNF with encyclopedic knowledge in every category that applies to our industry. Every interaction we have with RB Health Partners is a learning moment and we are very grateful to be working together towards the success of our facility.

I would wholeheartedly recommend RB Health Partners to any SNF in need of guidance in the many areas that she can assist.

Sincerely,

Levi Moalem
